

“I had a mentor when I was a kid and it turned my life around.”

Your story goes here! Start with who you are (first name only) and where you work (as a state employee).

Explain why you give to and/or how you volunteer with and/or how you were helped by an SECC charity.

Keep it heartfelt, simple, and ideally point out the value of this charity to North Carolina residents.

Do not ask anyone to designate your charity, just explain why YOU care about it.

End your story with ... and that is why I support ABC Charity through the SECC.
